

DON'T MOVE OUT, MOVE UP!

AS THE CURRENT PROPERTY MARKET IS SLUGGING ALONG WHY WOULD YOU WANT TO MOVE, WHEN YOU MAY HAVE THAT EXTRA SPACE ALREADY IN YOUR HOME? 24SEVEN TAKES A LOOK AT HERITAGE CONSTRUCTION IN HULL AND FOUND THE ANSWER.

Heritage, established in Hull, with over 25 years' construction experience, have everything to offer you and are experts in all aspects of restoration and renovation.

Owner Paul states "Heritage is larger enough to cope and smaller enough to care".

Heritage's quality of work guarantees you peace of mind; we provide a FREE quotation service for all types of work such as:

- Design and Build
- Maintenance
- Renovation Work
- Loft Conversions
- Double Glazing
- Conservatories
- Damp Proofing
- Guttering
- Conservation
- Kitchens
- Glazegard

Paul continues "A loft conversion is a great way to not only add more living space to your home but also to increase the value of your property. Loft conversions, though complex procedures can be completed quite quickly and with the

care of all the paperwork involved and will guide you through the whole process.

DON'T WAIT, RENOVATE

Heritage have a highly skilled workforce with qualifications in traditional features such as lime

“With so many cowboy builders about it is nice to know that there are still reliable firms out there.”

Georgina Peach

minimum of disruption to the household. We will take your vision for a new loft conversion and turn it into reality and you can sit back and watch it happen. We will not only design and build your new loft conversion but will also liaise with the local council. We take

mortar pointing and stone repair work, building to combine the historic needs of your property whilst maintaining the integrity of the build.

Having built brand new homes around the Hull area, completed barn conversions in Wales, and converted shops

into flats, Heritage can do it all.

They are experts at converting larger houses into self contained apartments or flats, dealing with all the troublesome utility issues such as Gas, Water and Electrical connections, acquiring all of the experience necessary to do these types of conversions as efficiently and cost effectively as possible.

DON'T DESPAIR, REPAIR

Heritage have a list of credits, and are popular specialists in both domestic and commercial damp proofing. From condensation control to rising damp. Heritage use only guaranteed quality backed materials to remedy all damp related problems with the promise to leave your property dry, clean and mould free.
